

Strengths:

1. Information is very clearly given.
2. It has all the required pages
3. Clean design

Areas for improvement:

1. The MCAST logo at the top doesn't take you to the home page, this is a common feature in modern websites.
2. Visual consistency
3. Contact form needs to be styled
4. Organization of files
5. To simple

Issue identified	Evidence/reason	Proposed improvement
The links don't work	I tested all of them and they all don't work	Make sure each link redirects you to the correct place.
The visual style is not consistent across all pages	It was pointed out by my lecturer	I will make sure the layout is always the same and all buttons/text is the same across the whole website.
Disorganized files/photos	It was pointed out by my lecturer	Organize my work better
No indication to where the most important information is	Peer feedback	Use colour or layout to point certain things out.
Nothing indicating which page you are on	I noticed it while looking through the website	Make the buttons in the navbar indicate which page you are on.
